About me —————

A professional in the field of Machine Learning, API Development, Data Engineering and Devops with more than 9 years of experience.

Domain wise skill set

Python,R,Javascript,HTML,Markdown.	Languages
SQL,MySQL,PostgreSQL,Teradata.	Database
Flask|Swagger(Python). Shiny(R)	API
Glue,EC2,S3,ECS,ECR,SNS,lambda,CloudWatch.	Cloud
Jenkins,Docker,Openshift.	Devops

Projects Relevant to Current Market;

http://jenkins-applyjob.nirvikalpa-projects.com:8080/	JenkinsPipeline
http://api.nirvikalpa-projects.com/	API
http://api.nirvikalpa-projects.com/docs	APIDocs

Experience

2021- Present	Accenture	DataEngineering

Sas to Python Migration, AWS Lambda Deployment, Jenkins Pipeline, AWS Route 53, Spark Transformations.

2020-2021	Larsen & Toubro Infotech(S&P Global)	DataEngineering

Planned, designed and implemented automated framework which takes json template as an input and applies spark transformation on dataset to generate the report in json which finally feeds the predefined tableau dashboard.

2019-2020	CapitalNumbers Infotech	APIDevelopment

Implemented Online Compiler for 14 different languages using sphere engine api, api creation (flask).

2019	GSPANN Technologies	AWS|DataEngineering

Build Data Pipeline for Google Analytics for client web application. Aws automation using boto3 with Python.

2018	Colt India Pvt. Ltd	R|MachineLearning

Customer Churn management. Visualisation using leaflet and network graph.

2012-2017	Accenture India	R|Python|ML|NLP

Worked on Variour Projects associated with NLP, ML.Shiny Application Development.Flask Application Development.

2011-2012	IBM GPS India	ITIL

Incident, Change and Problem Management.

Education

Standard	Secondary
	KV2 Kalaikunda,WB
PCMB	HigherSecondary
	KV1 SaltLake,Kolkata
Economics(Honors) Maths,Stats	Graduation
	Siliguri College, WB
Marketing|MIS	PostGraduation
	GBS,Kolkata
